

Chester River Chorale  
Covid Procedures December 2021

To reopen safely for the Spring 2022 Semester, the Chester River Chorale (CRC) will continue to follow national and local guidance from expert organizations such as the CDC, the Kent County Health Department, and national choral organizations such as Chorus America.

The Chester River Chorale will require singers and contractors to follow these procedures before participating in CRC activities:

1. Show evidence of full vaccination, including available booster shots.
2. Monitor their own health and stay home from rehearsals or performances if ill.
3. If a CRC singer or contractor experiences a positive Covid-19 test, he or she must provide a copy of a negative test result before returning to CRC activities.
4. CRC members and contractors must sign CRC's waiver of risk document before participating in CRC activities.

CRC will take the following steps to ensure everyone's continued safety:

1. Section leaders will take attendance at each rehearsal
2. Hand sanitizer will be provided at all rehearsals.
3. Chairs will be spaced further apart than they have in the past.
4. Any singers who choose to do so may wear a mask. CRC recommends using a special singers' mask.<sup>1</sup>

The Board will promptly notify Chorale members of any changes to the above procedures.

Thank you for your cooperation.

Approved by the Chester River Chorale Board July 20th, 2021; updated August 30th, 2021; updated December 19th, 2021.
