

Chester River Chorale Covid Procedures

The Chester River Chorale (CRC) will continue to follow national and local guidance from expert organizations such as the CDC, the Kent County Health Department, and national choral organizations such as Chorus America.

The Chester River Chorale will require singers and contractors to follow these procedures before participating in all CRC activities:

1. Monitor their own health and stay home from rehearsals or performances if ill.
2. No singer or contractor may attend a rehearsal or performance if they are experiencing a fever or other flu-like symptoms. Singers or contractors must be 24 hour fever free, without the aid of a fever reducer, before returning to the Chorale.
3. If a CRC singer or contractor experiences a positive Covid-19 test, he or she should notify CRC Leadership (either the Artistic Director or Board President) so that the CRC membership can be informed.
4. CRC members and contractors must sign CRC's waiver of risk document before participating in CRC activities.

CRC will take the following steps to ensure everyone's continued safety:

1. Section leaders will continue to take attendance at each rehearsal.
2. Any singers who choose to do so may wear a mask. CRC recommends using a special singers' mask.¹

The Board will promptly notify Chorale members of any changes to the above procedures.

Thank you for your cooperation.

Approved by the Chester River Chorale Board July 20th, 2021; updated August 30th, 2021; updated December 19th, 2021; updated August 16th 2022; updated January 5th, 2023; updated July 19th 2023.
